

# What Can I Do About Bullying?

Critical Thinking for Life!  
Mentoring Minds™

- How do I prevent bullying on campus?
- How do I intervene when bullying occurs?

# Goals

- To develop ways to prevent bullying on your campus and in your classroom
- To identify interventions when bullying occurs

# What steps should be taken to prevent bullying on the campus or in the classroom?

- Create a campus/classroom learning environment in which students feel like they belong

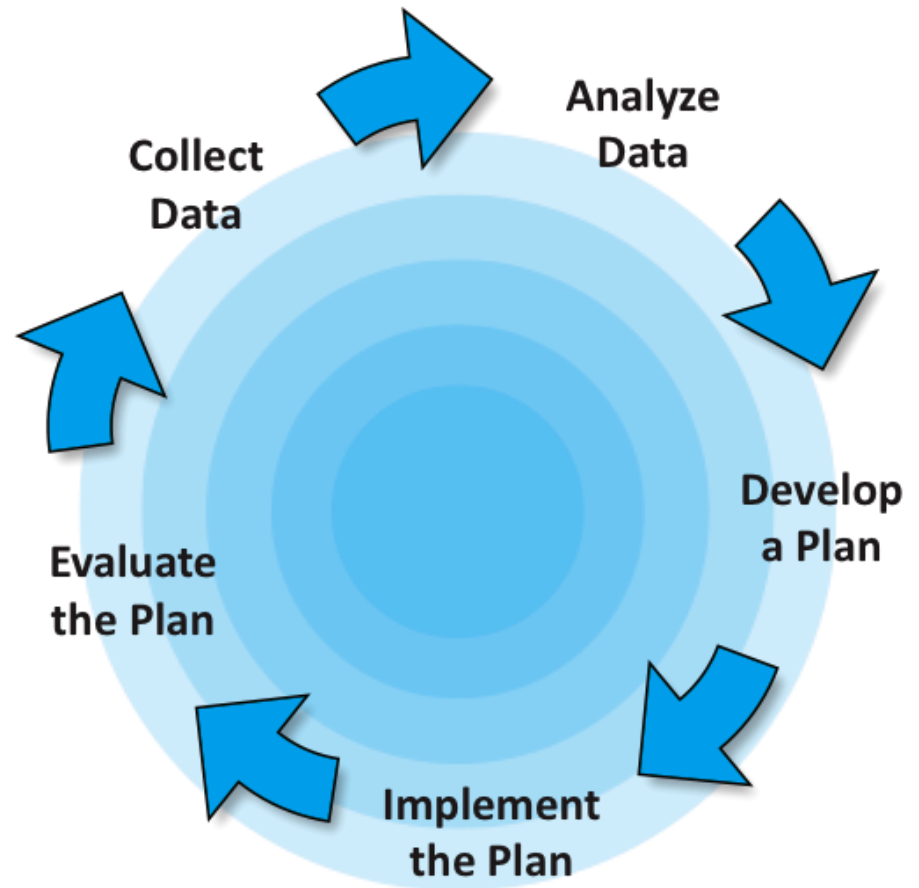

# How would students know the campus environment supports them?

- They would feel a positive, supportive atmosphere
- They would know that bullying will not be tolerated
- It would be obvious that they could seek the help of an adult if needed
- They would know that students who bullied would receive clear consequences

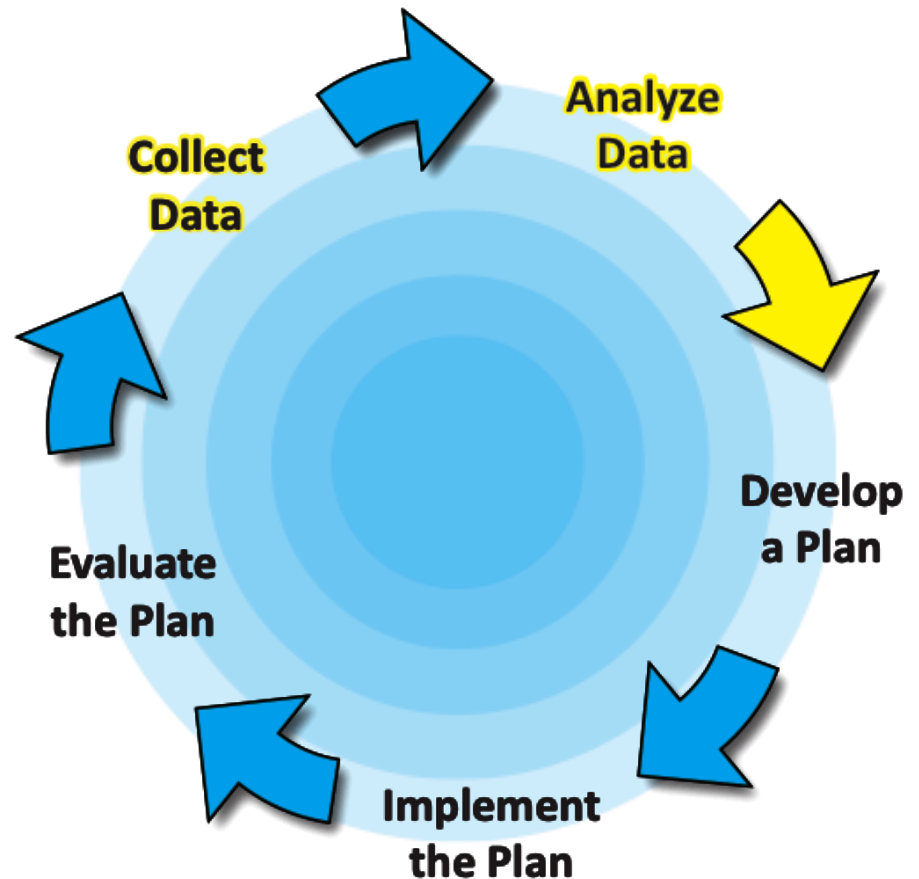

# Steps to Prevent Bullying

- Use a problem-solving model to develop and implement an anti-bullying plan

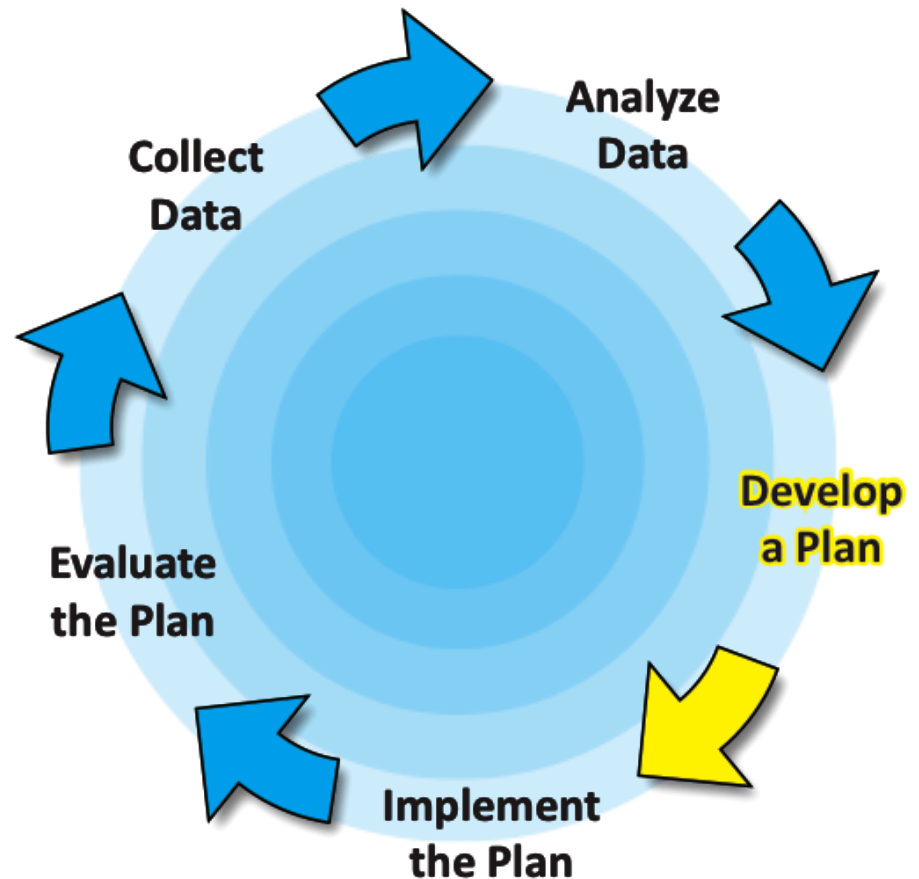

# Prevent Bullying

- Collect data:  
*What is the problem?*
- Analyze the data:  
*Why does this problem exist?*

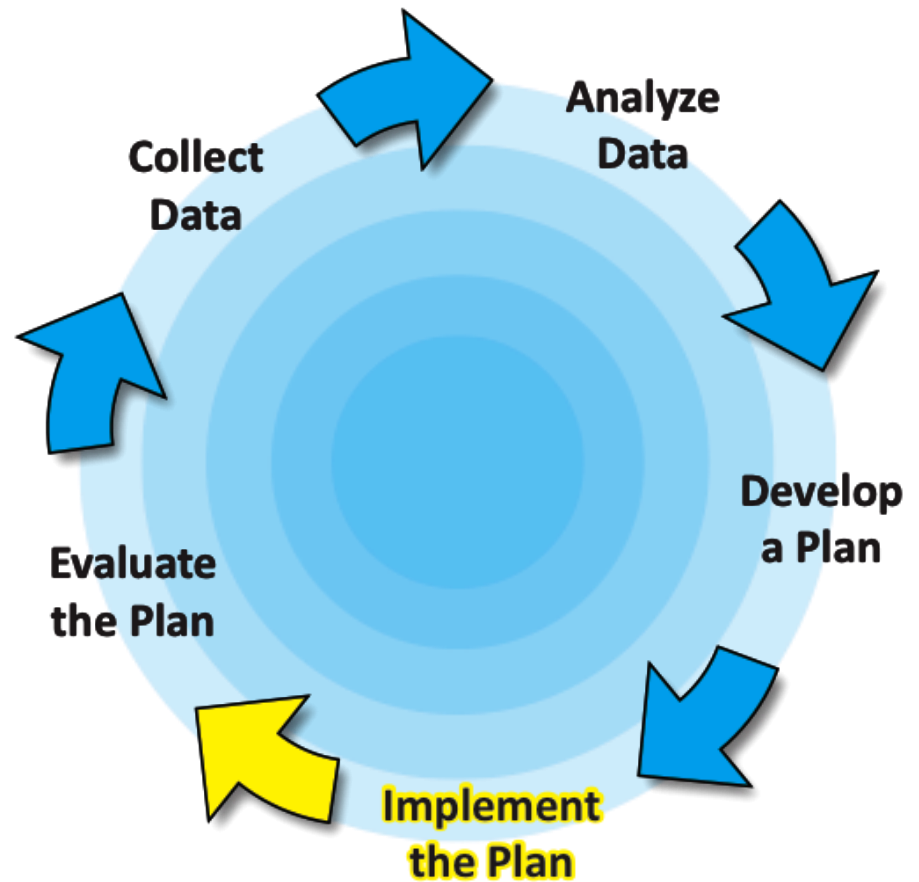

# Prevent Bullying

- Develop an anti-bullying plan:  
*What actions should be taken to address the problem?*

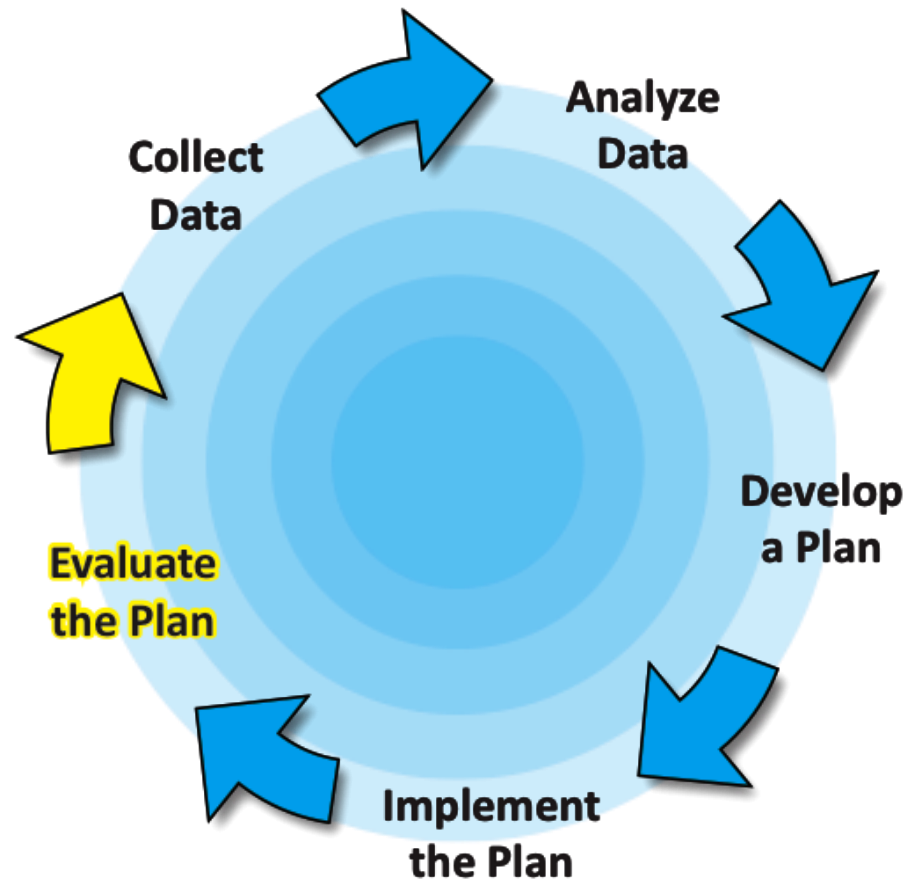

# Prevent Bullying

- Implement the anti-bullying plan:  
*How is the plan implemented and monitored?*

# Prevent Bullying

- Evaluate the anti-bullying plan:  
*Did the plan work?*  
*What is next?*

# Prevention

- Educate all stakeholders on what bullying is, the impact of bullying, and how to stop bullying on the campus
- Demand respect for others in all classrooms
- Create a no tolerance policy toward bullying

# Prevention

- Increase supervision in reported areas where bullies target victims
- Post anti-bullying messages in public places
- Create a peer support team
- Set up a resource area that houses bullying resources

# What interventions can be implemented to address bullying?

- Communicate in a clear, firm manner that bullying behaviors will not be tolerated
- Ensure that all students know how to recognize bullying and what to do if they are bullied
- Inform students of anti-bullying plan
